

K-Love does an outstannding job of serving my needs as a resident in my community.

I do not know of any other Radio station I would listen to if K-Love were taken off the air and therefore I would not have access to any Emergency Broadcasting services should the need occur.

K-Love Radio also does an excellent job of broadcasting services that provide wholesome values to me and my family.

Thank you for listening to my concerns for keeping K-Love Radio available for me and my Family.
